

THE GROWTH IN AGED CARE ADVICE

THE TREND

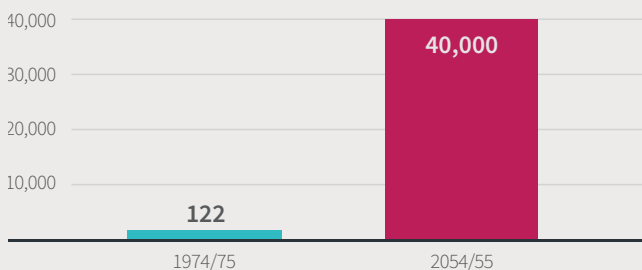

STATISTICS DRIVING THE LONG TERM TRENDS

The number of Australians over age 65 will more than double in 40 years time. The number of Australians over age 85 will also increase dramatically. This ageing population will drive the future of financial planning and transform Australia economically and socially over the next 40 years. **Aged care advice presents a growth opportunity that you can't afford to miss.**

THE OPPORTUNITY

INCREASING DEMAND FOR AGED CARE ADVICE

Life expectancy is increasing which means Australians are more likely to reach an age where disabilities will require access to aged care services and advice.†

The proportion of your client base aged 65 and over is likely to increase rapidly. Clients aged over 85 years will also drive a greater need for aged care advice. **Are you equipped for the opportunity?**

VALUE OF PROVIDING AGED CARE ADVICE

- 1 Attract new clients
- 2 Expand services and value to existing clients
- 3 Intergenerational wealth transfer
- 4 Retain funds by building relationships with the children of clients
- 5 Create new relationships with professional referrers
